

Bramcote Leisure Centre Schools Pool Flow

On arrival children to have their hands sanitised before leaving the bus.

The entrance to the building will be the fire escape in the car park next to the teaching pool.

On entering shoes to be taken off in the corridor next to the teaching pool. The children carry their shoes and make their way through the disability change area to the male & female changing rooms. (Cubicles out of order – large changing space only).

Once changed children to que quietly in the shower area for the school that has just finished their session.

The school leaving the pool, walk through the foot shower area, straight into the male & female changing rooms.

The children put their clothes and shoes back in their bag and take them with them.

The changing room(s) are to be left clear and will be wiped down by NCC or BLC staff after use/between schools.

Once the pool is clear, the children walk through the foot shower area onto pool side and leave their bags either against the wall of the control room (main pool) or on the white bench seating (teaching pool).

At the end of the session, the children make their way (with their bag) through the foot shower area to the male & female changing rooms. Once dressed, they go back through the disability change area, put their shoes on in the corridor next to the teaching pool and exit the building through the doors onto the car park.
